Early Childhood Education and Care

I acknowledge the efforts of management, educators, staff and others involved in preparing for, and participating in, the assessment and rating process and wish you well in your important work with children and families.

Please note that an approved provider of an education and care service must not falsely represent the overall rating, or a rating in respect of a quality area stated in the *National Quality Standard*, that has been provided to the service (regulation 72).

Please find enclosed the Notice of Rating. The findings should be used to assist services to review their Quality Improvement Plan and to improve quality at their service. You are required to display this notice as the final parts of the *National Law* are in operation and the information of quality ratings of children's education and care services has been published on the ACECQA website from 1 May 2013.

The National Quality Framework aims to raise quality and drive continuous improvement and consistency in services across the country. The commitment shown by all the members of your service to successfully complete this assessment and rating cycle will no doubt help to foster a culture of continuous quality improvement within your service. The NSW Department of Education & Communities encourages you and all the members of your service to reflect upon your experiences of this assessment and rating cycle in working towards raising quality and driving continuous improvement at your service.

Please note that the NSW Department of Education & Communities may at any time reassess a service or any aspect or element of a service (section 138 and regulation 67).

An approved provider may request a review of a rating determined for a service as outlined in the *National Law* (sections 141 – 143) and the *National Regulations* (regulation 68). Should you wish to apply to have a rating reviewed, you must apply in writing within 14 days of receipt of this letter. An application form to request a review (*SA 11 Application for Review of Ratings by Regulatory Authority (Service Rating)*) can also be found on the forms tab of the Australian Children's Education and Care Quality Authority website: www.acecqa.gov.au/application-forms/. If no application is made for further review within 14 days of the Regulatory Authority's review decision, the rating levels set out in the notice will be considered final.
